Dr. Fakler,

I am the Executive Director for the Muskingum Valley Council and I want to thank you for your generous contribution of the Stories from the Golden Age books. As part of our 'Adventures in Reading' program these books resulted in over 110 Boy Scouts and Cub Scouts earning their Reading Merit Badge or Belt Loop. We couldn't be more excited!

Your gift had a huge impact on our overall objective to increase reading and thus literacy. What you have done is all the more important as these results are being submitted to our national office as an example of ways to successfully increase awareness of the Reading Merit Badge and Belt Loop.

Again, I thank you for your support.
