

PUBLISHER OF THE FICTION WORKS OF L. RON HUBBARD

---

March 10, 2015

Dear Friend of Literacy,

Thank you very much for your help this past year on our Toys for Tots Literacy Campaign. With your support we were able to provide nearly 200,000 books to underprivileged American youth.

So, again, I would like to thank you for all your help and support. Enclosed is your gift receipt (letter) from the Marine Toys for Tots Foundation that you can use for tax purposes.

Based on the success of this past year's efforts, we have expanded our Literacy Campaign to include working with youth specialists in libraries. For this we are providing reading copies of L. Ron Hubbard's stories and audiobooks to Young Adult Library Services along with Discussion Guides for their Reading Groups.

Libraries are a custodian of information and a haven where youth of all ages can go for knowledge. Thus, L. Ron Hubbard's fiction works, which helped to reshape whole genres and lay the foundation of what is now modern speculative fiction, are a perfect fit for their programs.

Public libraries across the country are participating in this program, including those in your community. Each kit contains 35 books, 7 audiobooks, plus Reading Discussion Guides for each title. *We will ship the books you sponsor to your nearest participating library.*

This is a great way to give back to your community and have a direct impact on literacy in your area. Books remain the backbone of our culture and future generations. We value your continued support to get these materials to public libraries for their upcoming summer reading programs.

I have enclosed an order form for you to fill out. Please feel free to call me with any questions. Thank you so very much!

Yours sincerely,

P.S. We need to ship **now** to get into the Summer Reading Programs!
